

First Nations Health Authority
Health through wellness

The First Nations Health Authority is a diverse and rapidly evolving First Nations health organization of professional, innovative and dedicated team members and leaders.

We uphold Community-Driven, Nation-Based approaches to transforming the health system and enhancing wellness for BC First Nations peoples and communities.

Employment Opportunity

The First Nations Health Authority is committed to respecting diversity within our workforce. We specifically seek to increase the number of First Nations and Aboriginal employees in our organization.

Maternal Child & Family Health Professional Development & Practice Lead (Kwakwaka'wakw) Full-time Position, Port Hardy/Quatsino

This position provides leadership and clinical expertise in perinatal care and cultural safety to staff in the Kwakwaka'wakw Maternal, Child and Family Health Collaborative Program. It provides expert advice to the nursing staff in the rural and remote communities of Geography 1 of Island Health and focuses on identifying and addressing the professional development, training and practical experience needs of health care staff to advance professional nursing practice in relation to maternal, child and family health care.

Education & Experience:

- Bachelor's Degree in Nursing from a recognized university
- 8-10 years of experience in a nursing leadership and/or management role performing program evaluation, and delivering health services in a rural and/or remote health care setting
- Current practicing registration with the College of Registered Nurses' of British Columbia (CRNBC). Demonstrated content expertise in the field of maternal, child and family health

Accountabilities:

- Manages and facilitates the delivery of a client focused, integrated and responsive maternal, child and family health service to educate and empower parents and to maximize the health and well-being of their young children and themselves.
- Provides leadership, management and empowerment practices to all staff through pre-assessment and delivery of education and skill development of nursing and other health care staff.
- Leads and carries out quality management initiatives, such as the introduction of evidence-based tools and processes for the assessment of nursing clinical competencies, and professional practice skills.
- Provides expert advice, analysis, and recommendations concerning clinical and professional practice issues.
- Provides professional development support to perinatal and emergency room nursing staff at FNHA partner organizations.
